01 PROFILE

I am a highly competent web application software developer with 3 years' experience developing a wide range of projects for both framework and non-framework oriented. I have proven expertise in building e-commerce and restaurant review apps. I understand the app project lifecycle in-depth and I enjoy all aspects of development from project planning to requirements gathering through to writing and testing code, creating documentation, and support. I am currently seeking long-term contract positions that will allow me to further improve and sharpen my software skills. I'm always up for new challenges and opportunities to learn more and do more.

02 EMPLOYMENT HISTORY
